Fax: 636 390-2455

Washington Traffic Commission
301 Jefferson Street
Washington, Missouri 63090

The next meeting of the Washington Traffic Commission will be held on March 1, 2019 at 8:00 a.m. in the Police Department Conference Room.

The following item(s) are presently on the agenda.

NEW BUSINESS:

5A 19-03-0001 Request to place a wider barricade at the southern dead end of Macarthur St. Complaint is that vehicles are going around the current barricade and then cutting through the yard of the residence located at Schaper Ave and E 9th St.

5B 19-03-0002 Engineering reached out to Ameren and determined there is a \$100.00 per light fee to upgrade existing street lights to LED. In the past we have requested Ameren upgrade various lights throughout town and there was no fee for this improvement. It was a cost savings to the City for lower monthly rates but they are no longer offering this service at no charge.

5C 19-03-0003 The city really, really needs to review the area of Bedford Heights aka Lewis & Clark as it's still on Google maps, for better street lighting. The driveway from Subway/smoothie king is extremely dark and dangerous. Many vehicles have run over curbs, over compensated the turns and gone into oncoming traffic. Those little "streetlight" you have there now are a joke. Those type are more for a residential use than a public street. Received via the Mayor's Action Center.

5D 19-03-004 Issue of D&H Trucking and Brinker Recycling using Jefferson and Front Streets. The downtown streets should not be a truck route. Those trucks are damaging the infrastructure. They should use the route the rest of trucks do, Hwy 100/Bluff.
