To Ms. Trentmann,

A group of concerned citizens would like to be present at tomorrow's meeting regarding a Mask Mandate in the city of Washington, however, most of us will not attend the meeting in person in order to follow CDC guidelines and practice social distancing. Please accept this letter and consider adding it to your packet so it will be part of the public record.

Respectfully,

The 60 citizens who signed the following letter

Hello Dear Mayor Lucy and the City Council of Washington, Missouri,

First, thank you for all of the work you do for the city of Washington. We also appreciate your careful consideration regarding an ordinance for requiring masks here.

Covid-19 cases are on the rise daily in our state with seemingly no end in sight. Research shows that widespread mask-wearing is likely to significantly reduce cases of COVID-19. According to a recent study in the Proceedings of the National Academy of Sciences comparing mandatory masking's effects on Covid-19 cases, the locations that have required mask-wearing (when social-distancing isn't possible) have been successful in preventing exponential spread ([source here](#)). Mercy physicians agree.

We believe a temporary mask mandate is imperative to stemming the tide of this virus. Some people in our community don't want a mandate. From speaking with some of them, we understand that their concerns include:

- 1. ...they don't like such drastic change.*
- 2. ...they don't like to be told a directive is imperative.*
- 3. ...they believe it will be difficult to enforce.*

Their concerns are relatable, as they represent another important aspect of our citizenry: our individualism. Yet there appears to be two very different ideals at opposing viewpoints here. One is that a mandate is an infringement on our rights: this strikes at the heart of our individualism. The other is that we have an obligation to the public and safety of all: this encompasses the desires of those who want to mandate mask-wearing. We can embrace both viewpoints and state that a mandatory mask ordinance would only be enacted for a temporary period. The goal is a return to normalcy; yet, in the meantime, we want to level the playing field so businesses don't have to decide between staying open and keeping their employees safe, and so parents don't have to decide

between working and protecting their children. For us, the public safety aspect takes precedence so we can get back to normal.

Our greatest concern is that as numbers increase, we run the risk of returning to a need for a total shut-down in order to protect our citizens. Teachers and students want a safe return to the classroom without the need to learn 100% virtually. Furloughed workers want to return to a normal schedule as they uphold our economy. Our health professionals are weary. Many of our at-risk citizens remain fearful. Where we are all in agreement - both individualists and collectivists - is that the recovery of individuals, schools, businesses, and places of worship are paramount.

Other guidelines in our society remain to protect all citizens: driving soberly, wearing seat belts, for many of us, respecting the 10 Commandments. We believe the matter of masking is likewise an issue of civility and of protecting one another, especially the high-risk among us. Taking care of one another is the backbone of a civilized society. If it takes a mandatory mask regulation to reduce the spread, that's what our families believe should be done for the great town of Washington, this community we love so much.

We, the people who have signed this letter, are observing social distancing and so are choosing to express ourselves in writing rather than increase risk to others' health and our own by attending the in-person city council meeting. Our greatest hope is that we will be able to attend alongside our other citizens in the future, in a safe and healthy time, enjoying the company of all. Whether we disagree or agree on matters, we are all Washington citizens, and the time to stand together for one another's safety is now.

Thank you for your consideration, and be well.

Subject: Support for mask mandate

Hi, Gretchen.

My wife, kids and I no longer live within the city limits of Washington (we're right outside the city limits now), but I wanted to send a quick email regarding my support for a mask mandate for the city.

Washington is our community, and I want my community to take any precaution it can to protect its residents, workers, etc, from this virus that is unlike anything we've seen in our lifetimes. Yes, we can suggest people wear masks, even via some sort of proclamation for support, but unless we have some sort of ordinance or something with teeth in it, people will do as they please (or feel peer pressure to not do).

With an ordinance, people and small businesses who are reluctant about wearing masks / asking customers to wear masks can just fall back to, "Well, the city says we have to," which will lead to an increase in those wearing masks. You'll still have loud naysayers, but i hope city council can push through and ignore the vocal minority.

Thanks!

Implement a Temporary Mandatory Mask Ordinance in Washington, Missouri!

<https://www.thepetitionsite.com/827/129/702/implement-a-temporary-mandatory-mask-ordinance-in-washington-missouri/>

Author: Trudy Graves

Recipient:

Petition:

We, the citizens of the City of Washington, Missouri, and surrounding communities, respectfully submit this petition in support of a mandatory mask ordinance in the City of Washington, Missouri. We believe that a mandatory mask ordinance is a reasonable, temporary safety precaution for the following reasons:

- 1) The City of Washington is a retail business hub that attracts visitors from neighboring communities and counties on a consistent, regular basis.
- 2) The number of confirmed COVID-19 cases continues to rise in the county and state.
- 3) Numerous studies have shown that wearing a mask is an effective measure to help slow the spread of COVID-19.
- 4) Historically, precedent for such interventions has been clearly established based on previous outbreaks such as Polio, Smallpox, Yellow Fever, and the 1918 Influenza pandemic.
- 5) A mandatory mask ordinance is the least restrictive, common sense option in order to support the safety and well-being of citizens, and allow businesses to continue to operate in a safe manner.
- 6) A mandatory mask ordinance is a pro-active measure to try to prevent a full quarantine at a future date.

We ask the members of the Washington City Council to support the temporary implementation of a mandatory mask ordinance in the City of Washington, Missouri.

1.	Trudy Graves	Union, MO	It is important to take action now, since the County Commission and Governor refuse to act. Lives will be saved. I have family who live in the city as well as work in the city, and I visit the city often. I want to keep my loved ones safe!
2.	Nancy Nagel	Washington, MO	Wearing a mask is a minor inconvenience that may prevent more drastic measures like complete business shutdowns. Most of us don't change our behavior until we are made to, so we need our city council to show leadership to keep us safe and get through this pandemic more quickly.
3.	Keyna Klabzuba	Gray Summit, MO	With Covid numbers rising, this would be a pro-active measure. Keeping my family safe is important to me and I hope that keeping the community safe is important to the Washington City Council.
4.	Suzanne Jackson	Washington, MO	I have a son with a chronic disease which makes him more vulnerable. I do not want to bring this home to him. Also, he got sick after a flu like illness 8 years ago. There are many reports of people who get COVID 19 and have similar symptoms to my son. We do not know if these people will eventually get better or will have lingering symptoms that will effect their life for years to come. No one knows who will get this disease and how it will effect them. My son had always been healthy until he was not! We need to do everything we can as a community to help prevent the spread of this disease. We are in this together and need to think of others.
5.	Nancy Wood	Washington, MO	While it would be nice to know that masks will be wore because it is right to do so, it isn't logical to assume that all or most people will do so. Therefore it is up to our elected leaders to be leaders and do the right thing. If we do the right thing, this will be a short term inconvenience.
6.	Patti Ryan	Hermann, MO	I drive to shop in Washington because Schnucks requires at least employees to wear masks. If i saw them everywhere, I might stay and shop at other places instead of grocery shopping and the hitailing it home.
7.	Peggy Menke	Berger, MO	
8.	Susan Watermann	Washington, MO	
9.	Judy Walter	Union, MO	Washington is our main source of goods! Living near Union and St Clair. We isolate as much as possible, but need to shop at least every other week. I would be good to know that it's safer to do so.
10.	Kay Kester-Oliver	St. Clair, MO	As an at risk consumer, Washington is the last place in the county I feel safe shopping, and only in the stores that mandate masks. With such a vociferous "anti-masking" population, we need elected leaders to take steps consistent with public safety and protect us! It may not be <i>(continues on next page)</i>

10.	Kay Kester-Oliver	St. Clair, MO	<i>(continued from previous page)</i> "enforceable", but it would send a CLEAR MESSAGE in a very confusing world!
11.	Judy Shaffar	St. Clair, MO	Anything we can do to save lives I support!
12.	Debby UTTERBACK	St. Clair, MO	If you want the economy to remain open and stop the spread, then mandate a mask policy. I currently refuse to shop in either Franklin or Jefferson County as a result of the nonmaskers. If my money is to be spent at home where I most often shopped (Washington), then mandate a mask policy and enforce it.
13.	Aimee Appell	Washington, MO	
14.	Nicole Browne	Villa Ridge, MO	
15.	Kathleen Haddox	Washington, MO	This is important because I value my safety and the safety of others and most place I go in Washington the patrons aren't wearing masks.
16.	Tina Maguire	Washington, MO	I would like to relieve the pressure individual businesses feel to requests masks when competitors do not require the same. I also believe proactive measures can and will slow the spread and help our community avoid a future mandatory shutdown.
17.	Tracy Alferman	Washington, MO	I am concerned because of recent increase in our area. Worries small business will have to shut down again
18.	Molly Kordonowy	St. Clair, MO	
19.	David Huxel	Washington, MO	
20.	Mary Bowman	New Haven, MO	
21.	Ann Gent	Washington, MO	
22.	Tessie Steffens	Washington, MO	
23.	Christine Alt	Labadie, MO	We must get this virus under control or many more people will suffer & death rates will also be higher. We have no idea the life long damages this will cause those that contract this virus, so treating it lightly is not a good idea.
24.	Ben Jinkerson	Washington, MO	
25.	Michelle Turner	UNION, MO	My high-risk Stepfather lives in WashMo. His age, COPD, & recent heart attack in May are the perfect storm. PLEASE PROTECT HIM. He is the only parent I have left.
26.	Candy Larson-Soete	Washington, MO	As a healthcare worker, it's frustrating to do your part to try and reduce the spread of the virus when others in the community have complete disregard of other peoples health situations. This is not a lifetime mask mandate people, it is temporary until we have either a vaccine or it under control.
27.	Kerri Flynn	Union, MO	
28.	Patricia Homeyer	Washington, MO	Keeping my family and friends safe during a growing Pandemic.

29.	Jenny Meers	Kirkwood, MO	I am employed in Washington, MO. To minimize the spread of COVID-19, masks need to be temporarily made mandatory in public venues and places of employment.
30.	Cathy Jinkerson	Washington, MO	I have Stage 4 kidney disease and am considered high risk. I teach in our public schools and need protection.
31.	Molly Lynchard	Villa Ridge, MO	We need to bring the rate of infections down. I worry that with ever increasing numbers the school year will again be altered to the detriment of student and staff.
32.	Colin Flynn	Union, MO	
33.	Beth Kleekamp	Washington, MO	
34.	Abbey Jinkerson	Washington, MO	
35.	Autumn Osia	Washington, MO	Safety of others.
36.	Jennifer Wirthwein	New Haven, MO	I teach in the Washington school district and I want my students and co-workers safe.
37.	Lindsay Riegel	Washington, MO	This would help all of the local schools! If you did the mandating, that would take one thing off of our plate. This teacher would greatly appreciate it.
38.	Ruth Ann Smith	Washington, MO	I believe masks will help curb the spread of Covid-19. If people were social distancing, perhaps we would not need to mandate wearing a mask. But unfortunately, people are not social distancing.
39.	Katelynn Mcguire	New Haven, MO	I am high risk for Covid but I must go out to get groceries still. Making masks mandatory will flatten the curve of Covid here.
40.	Amy Thompson	Pacific, MO	I do not live in Washington, but do most of my shopping there. However, I will shop where I feel safest, and right now that's not Washington.
41.	Jennifer Rudder	Washington, MO	
42.	Elizabeth Williams	Washington, MO	This is a public health crisis. A mask mandate is needed to get the fullest possible compliance with this temporary and simple, life-saving measure.
43.	Liz Werner	Washington, MO	Safety
44.	Carole Behrer	Hermann, MO	It's important for the WHOLE STATE to have mandatory face masks
45.	Jan Brennan	Pacific, MO	I will not be visiting or shopping in Washington unless they issue mandatory mask wearing. As I do not wish to be unnecessarily exposed to the Covid-19 virus that those who are not masked & may unknowingly be carrying!
46.	Rhond Watermann	Washington, MO	
47.	Rebecca H.	Washington, MO	This is a small but effective way to limit the spread of Covid. I live and shop in Washington but would feel safe to patronize more businesses if masks were mandatory.

55.	Elaine Menke	Washington, MO	I would like to support our local businesses. However, as long as patrons and employees here are unmasked, I will drive to St.Louis or another area where everyone is masked for their and my safety. I think a mask ordinance will protect us all, and save our local businesses, which otherwise may be closed due to increased virus spread.
56.	Louise Leger	Washington, MO	It's common sense to wear masks.
57.	ken lang	Toronto, ca	
58.	Julie Lackey	Washington, MO	Get kids back to school!!!
59.	Doris Jones	New Haven, MO	I do all of my shopping in Washington. We need to open schools. We need for schools to be safe. Mask wearing is not that hard for everyone to do to flatten the curve. If it's not mandatory, everyone will not do it. If everyone does not wear a mask, we will not flatten the curve. It's really a no-brainer

117.	Rebecca Obermark	Washington, MO	A temporary mandatory mask ordinance in Washington MO is important to me because the City of Washington has an obligation to protect public health. COVID 19 numbers are increasing in Franklin County. Numerous studies demonstrate that masks make a difference. EVERYONE needs to participate. We must be advocates for & protect our most vulnerable - our students, our teachers, our health care providers, our elderly, & our frail. When the public ignores our community scientists and data - It's governments responsibility to maintain safety.

Their safety is important to me, my family, and everyone else I must have contact with in STL County due to my employment. We are all interconnected. If we who operate in STL County can wear masks for your safety, I believe those of you in Franklin County could do the same for us.
358.	Russell Jacobsmeier	Labadie, MO	Masks obviously protect the wearer and those in their presence. This is a no brainer!
359.	Kathryn Render	Berger, MO	I will feel much safer shopping in Washington if everyone would wear a mask.

381.	Echo Woodruff	Washington, MO	We need to stop spreading this! Everyone needs to wear a mask in public
382.	Sarah Wild	UNION, MO	I am going on week 6 of a positive coronavirus diagnosis, unable to fight it off because my immune system is compromised. I'm a single mom, and haven't seen my children in a month and a half (they are in the care of my family until I'm recovered and released from quarantine). Our income has been cut down to 1/3 what it was, and we're falling behind financially after having pulled ahead this last year. I wore my mask. Someone who had it didn't, went into public, and gave it to me. My mask is for you. Your mask is for me. This is clear and easy science. If I survive this, I cannot get it a second time. I've already been deemed a "long hauler." This has to end, and we have to be brave and patriotic enough to be on the right side of history here.
383.	Dan Kandlbinder	Union, MO	Very important
384.	Carol Graham	Washington, MO	It is a minor inconvenience to wear a mask. Totally selfish to refuse to wear one. Until a cure or vaccine is found, mask wearing needs to be mandatory.

If people won't willingly choose to wear a mask in order to protect others, then the least that the town of Washington can do is make that decision for them. That way it won't be used as a divisive/political issue. Wearing a mask is a small price to pay for saving the lives of others.

394.	Tom Howard	Washington, MO	Despite a small minority objecting that their rights are being taken away, its just the responsible thing to do. Sure probably a cloth mask doesn't protect you, but it could keep you from infecting others. As a retired dentist I was used to mask wear. Now as a volunteer driver for the VA I'm back to wearing a mask. Sure I don't like having it on driving veterans into STL but I do it. This should be a moot point. I believe the city council can pass the mandate without any legal problems. Are the city council members scared they won't be voted in again? Come on city council, don't wimp out like you did on the water fluoridation issue. So even if we don't need a petition signed. Just do it!
395.	Jamie McMahan	Hermann, MO

We are all doing our parts to keep others safe from anything we might have ...so wish others would do the same.

Missourians Against Mandatory Masking

Recipient: Mayor Sandy Lucy, Nick Obermark, Steve Sullentrup, Mark Hidritch, Mark Wessels, Jeff Patke, Greg Skornia, Joe Holtmeier, Gretchen Pettet

Letter: Greetings,

We the citizens, consumers and business owners of Washington, Missouri, respectfully request that you honor the values of liberty, freedom and personal responsibility, and vote NO on the proposed mandated mask requirement for our community. We respect everyone's right to wear a mask if that is their personal choice but stand firmly behind the belief that this is a decision that should be left to the individual and private businesses rather than a city government that believes "good intentions" justify blatant government overreach.

We look to our elected leaders at all levels of government to defend our rights. Not to actively seek to strip them from us. Data on the efficiency and practicality of using masks to prevent the spread of COVID-19 has often been flimsy and constantly evolving. Many of the world's leading experts on infectious disease have shifted their positions and at times contradicted their own positions merely days prior following backlash from those with a political stake. Though contrary opinions are often silenced, the fact remains that there is far from a consensus on this issue and it is irresponsible for policy makers to base decision making on science that is very new, extremely politicized and that continues to change at an extraordinary pace.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed" -Declaration of Independence

We urge Mayor Sandy Lucy and all members of the city council to base their decision making on a sober understanding of what their role in our community really is rather than basing their decisions on fear, panic and political pressure. Please do the right thing and vote NO on mandatory mask mandates in Washington, MO.

Dear Editor,

As a community of people committed to freedom and allowing the individual to decide on his or her health choices, we are wholeheartedly against a mask mandate in the City of Washington. There is significant disagreement in the scientific community on the effectiveness of this protocol. For every study that is brought forward showing this protocol might work, there are also studies showing that this protocol is ineffective. Why would we as a community allow ourselves to be subject to a measure that is so disputed, clearly inhibits our ability to breathe fresh air without even understanding the long-term effects of such protocol? Why would we expose our children to such a mandate for a virus that is affecting only 3% of the tested people in Franklin county--.1% in Washington? Why would we allow ourselves to be forced to cover our mouths in public, when the vast majority of the people are healing from Covid-19? We were told that the initial lockdown was to flatten the curve, not to get rid of the virus. We can use common sense and distance/stay home when necessary plus wash and sanitize our hands to keep our community safe just as we have approached other illnesses that have run through our communities in the past.

Moreover, masking up does not promote a true community of persons; these mandates are actually creating fear and distrust in our culture. A mask – an item normally used when one wants to conceal his or her identity for nefarious purposes is now being promoted for the opposite reason. What an eerie shift in our cognitive understanding of language! Think about it -- instead of seeing my fellow man as a person that I welcome, as one created in the image and likeness of God, now I can't trust him or her. I must fear the person because he or she might give me a virus. (Again, a virus from which the vast majority heal.) We walk through the stores with our mouths covered, voices muffled – eyes looking down. The melancholic, anxious psychic energy is palpable as we go through our daily lives today.

Finally, our last concern for the mask mandate is the social conditioning it promotes. There is this not so subtle idea that in order to be a “good citizen”, one must mask up even if the person is opposed to it. It promotes this "do-gooder" citizen, the ones in the community that are virtue signaling, calling the county offices to report businesses and citizens who are simply striving to use common sense in approaching this virus.

City of Washington, take these words into consideration and do not allow us to be a mask mandate city. It is important to let our citizens and the businesses of this community make these decisions for themselves. This is the hallmark of our freedom and the foundation of the American ideal.

Yours truly,

Concern Citizens of the Community
