Re: Recognition of officers

Honorable Mayor and City Council,

I would like to recognize two members of the Washington Police Department. Lieutenant Joe Renkemeyer and Sgt. Joe Kapustka graduated from the Police Leadership and Command Preparatory Academy on Friday, March 10. The seven-week program, administered by the Eastern Missouri Police Academy, prepares current and potential supervisors for command level leadership. For one week a month, for the past seven months, they have heard from experts in the field on subject matter areas such as leadership, resource allocation, issues in liability, homeland security, personnel management, media relations, issues in criminal law and leadership. Along with exams and research papers, the culmination of the program was an independent research project targeting a topic that improves the student's agency. The students then had to present and defend their project.

Please join me in congratulating Lt. Renkemeyer and Sgt. Kapustka for successfully completing this challenging program. Both are veteran supervisors and are an asset to the Washington Police Department and City.

Respectfully,

Chief Jim Armstrong

Honorable Mayor and City Council
City of Washington
405 Jefferson Street
Washington, MO 63090

Honorable Mayor and City Council:

Per Section 140.190 of the City Code, Delinquent Tax Lists for Real Estate and Personal Property Taxes are hereby submitted. These reports are provided by Franklin County and shows the Delinquent Taxes owed to the City of Washington and Washington Public Library as of January 31, 2023. The County runs their reports monthly and taxes due this year was extended to January 15, 2023. The County had computer issues that caused the bills to go out late, causing this due date extension. In addition, the County only runs the delinquent reports at the end of the month which is why the list provided was not dated on the due date.

Respectfully submitted,

Mary J. Sprung, CPA
Finance Director/City Collector

RE: 2023 F-550 Truck Lease Update

Honorable Mayor and City Council,

Staff and I have been working with Enterprise Fleet Management on replacing most of our fleet vehicles over the last couple years. Due to the fluctuations in the market, it has proven to be difficult at times.

Currently, we are working with Enterprise on replacing our 2015 F550 dump truck with a 2023 F550 dump truck with snowplow & spreader combo. In the FY 2022-2023 budget, \$115,000 is budgeted for this replacement. The capitalized price from Enterprise for the truck is \$134,638.75. The upfront down payment the City will pay for the truck is \$31,977.50 and the monthly payment will be \$2,242.48. Due to possible delays, I would like to order this truck now, as Enterprise is not sure on an arrival date. The last dump truck we ordered took approximately a year before we received it. It is likely I could be rebudgeting this truck in the FY24 budget due to delays. No budget amendment is needed at this time.

As always, if you have any questions, concerns or would like additional information, please feel free to contact me prior to the Council Meeting.

Respectfully,

Wayne Dunker

The Service Agreement automatically renews for an additional term equal to the Initial Term, beginning on the day immediately following the end of the Initial Term, and each subsequent term, unless either party gives the other written notice of its intent not to renew this Agreement. Each automatic renewal will increase the service rates detailed in this contract an additional 3%.

Engagement

City of Washington ("Client") hereby engages NOC Technology ("Consultant") for the Initial Term set forth above, to provide services in support of Client's computer, electronic, VoIP, television, web hosting, and Information Technology systems ("IT Services"). Upon expiration of the Initial Term, and upon expiration of each successive term, this Agreement shall be automatically renewed for a month-to-month term, beginning on the day immediately following the end of the Initial Term, and each subsequent term, unless either party gives the other written notice of its intent not to renew this Agreement.

incorrect line voltages, use of incorrect fuses, use of incompatible devices or accessories, improper or insufficient ventilation, or failure to follow operating instructions), (ii) an act of God such as, but not limited to, lightning, flooding, tornado, earthquakes, fire, hurricanes, or (iii) the moving of the Equipment from one location to another.

- d) With regard to any services that are not within the coverage of this Agreement, it will be within NOC's discretion whether to perform the services, and, if NOC elects to perform the services, the services will be subject to an additional charge to be paid by the Client.

Pricing, Additional Services

The Monthly Base Rate set forth below covers the cost of IT Services coming within the Scope of Included Services in addition to addendums, if any, to this document. Charges for additional services such as "Project Type" work, requested or required by Client will be determined by agreement of the parties or, in the absence of agreement, will be charged at Consultant's standard rates in effect at the time service is provided or adjustments to standard rates if defined in Exhibit C. The Base Rate does not include the cost of any hardware, software, equipment, or supplies or any out-of-pocket expenses incurred by Consultant unless specifically identified as included in the Exhibits or in an addendum.

Payment, Suspension or Termination of Services

Payment of the Monthly Base Rate is due on the first day of each month during the term of this Agreement and shall be considered delinquent if unpaid within thirty (30) days of the due date. Client shall pay invoices for any additional amounts due to Consultant. Consultant shall have the right to suspend the performance of IT Services, or to terminate this Agreement, if Client fails to make payment within the time permitted for doing so under this Agreement. Client shall have the right to, at their discretion, terminate this Agreement in the event the Consultant fails to meet the Required Performance Standard established by the Service Guarantee described in Exhibit B; provided, however, that Client shall not terminate this Agreement pursuant to this provision without first giving Consultant written notice of deficiencies in performance and a reasonable opportunity (not less than 30 days) to meet and maintain the Required Performance standard.

1. This Agreement may be terminated by the consultant upon ninety (90) days written notice to the Client.
2. If either party terminates this Agreement, consultant will assist Client in the orderly termination of services, including timely transfer of the services to another designated provider. Client agrees to pay Service Provider the actual costs of rendering such assistance. Consultant will remove all hardware at the end of the agreement.

Tangible Property Rights

Authorization to use any software or hardware provided by Consultant to the Client provides a personal, non-exclusive, limited, non-transferable, and temporary license. All rights are reserved. The Client may not re-publish, transmit, distribute, sell, lease, sublet, or make any unauthorized use of Consultant property. Modification of such materials or the use of such materials for any purpose not authorized by Consultant is prohibited. Client agrees to act in good faith and maintain in good physical and working order any hardware, software, or other tangible items belonging to Consultant that are installed, lent to,

leased to, or for any other reason in possession by Client or Client personnel. In the event of damage, theft, modification, defacing, loss of, or any other acts considered beyond what would be considered "normal wear," the Client will be responsible for reimbursing Consultant for repair and/or replacement of such material in an amount determined by Consultant to be "fair market value" and will be due immediately at any time requested by Consultant.

Ownership of Work Product

Any (a) work of authorship fixed in any tangible medium that is the subject matter of a copyright or potential application for registration therefore (including, but not limited to, object code and source code), (b) unpatented inventions, including but not limited to, physical parts or components, processes, techniques, programs, or methods, (c) non-trademarked or non-service-marked distinctive symbols, pictures, or words, (d) hardware or software provided by Consultant for use by Client, (e) trade secrets, or (f) any other copyrightable, patentable and/or trademarkable intellectual property rights, whatsoever, associated with any ideas, symbols, marks, phrases, writings, drawings, inventions, machines, designs, concepts, techniques, methods, know-how, processes, or works of authorship developed or created by: (i) Consultant and/or Consultant Personnel; and/or (ii) through collaborative efforts of Consultant (including Consultant Personnel) and Client and/or any director, officer, shareholder, member, manager, employee, agent, independent contractor, or representative of Client ("Client Personnel") during the term of this Agreement (collectively, the "Work Product") shall belong to Consultant; provided that Client shall retain a perpetual, non-exclusive, royalty-free license to use the Work Product in its day-to-day business operations so long as Client does not disclose, sell or assign, in any capacity, its rights in said Work Product, to any third party (including Consultant Personnel and Client Personnel) without the express, written consent of Consultant, which consent may be withheld. Upon request of Consultant, Client shall, if necessary, take such actions, and shall cause Client Personnel to take such actions, including execution and delivery of any and all instruments of conveyance, necessary to grant title in and to the Work Product to and in the name of Consultant. All data, applications, materials, reports, and other documents developed under this Agreement whether finished or not will remain the property of the Client.

Non-Diversion

Client agrees that during the term of this Agreement and for a period of one year following the termination of this Agreement, Client will not recruit or hire any employee, agent, representative, or subcontractor of the Consultant ("Consultant Personnel"), nor will Client directly or indirectly contact or communicate with Consultant Personnel for the purpose of soliciting or inducing such Consultant Personnel (a) to accept employment with, or perform work for, any person, firm, or entity other than Consultant; or (b) to provide services to Client or any other person, firm, or entity except as an employee or representative of the Consultant. Client agrees that, in the event of a breach or threatened breach of this provision, in addition to any remedies at law, Consultant, without posting any bond, shall be entitled to obtain equitable relief in the form of specific performance, a temporary restraining order, a temporary or permanent injunction, or any other equitable remedy which may then be available.

Furthermore, Consultant agrees that during the term of this Agreement and for a period of one year following the termination of this Agreement, Consultant will not recruit or hire any employee, agent,

representative, or subcontractor of the Client (“Client Personnel”), nor will Consultant directly or indirectly contact or communicate with Client Personnel for the purpose of soliciting or inducing such Client Personnel (a) to accept employment with, or perform work for, any person, firm, or entity other than Client; or (b) to provide services to Consultant or any other person, firm, or entity except as an employee or representative of the Client. Consultant agrees that, in the event of a breach or threatened breach of this provision, in addition to any remedies at law, Client, without posting any bond, shall be entitled to obtain equitable relief in the form of specific performance, a temporary restraining order, a temporary or permanent injunction, or any other equitable remedy which may then be available.

Disclaimer of Warranties

To the fullest extent permitted by law, Consultant disclaims all warranties, express, implied or statutory, including, but not limited to, implied warranties of title, non-infringement, merchantability, and fitness for a particular purpose. Consultant does not warrant that use of software, hardware, services, or any other products furnished by Consultant will be uninterrupted, error-free, or secure, that defects will be corrected, or that products or the server(s) to which access is provided are free of viruses or other harmful components.

Limitation of Liability

In no event shall Consultant (Including Consultant’s parents, affiliates, officers, directors, employees, or agents) be liable to the Client or any other party for any special, exemplary, incidental, consequential, or direct damages, including, but not limited to, lost profits, whether arising out of contract, tort, strict liability, or otherwise. In no way is Consultant responsible for any damages to the Client or any other party including, but not limited to, lost profits due to: data loss, the unavailability of or malfunctioning of any equipment, software, or service, whether provided by Consultant or any party representing Consultant or otherwise. Consultant shall not be liable to Client for any failure or delay caused by events beyond Consultant's reasonable control, including, without limitation, Client's failure to furnish necessary information, sabotage, failures, theft, or delays in transportation or communication, failures or substitutions of equipment, labor disputes, accidents, shortages of labor, fuel, raw materials, equipment, technical failures, accessibility to work site, acts of God, or any other reason.

Actions

No action, regardless of form (including in contract, tort or otherwise), arising in connection with the performance of this Agreement may be brought by either party more than one (1) year after the date of the occurrence on which the action is based.

Good Faith

The parties hereto expressly assume an obligation to act in good faith toward one another in the performance of their obligations under this Agreement.

Access

Client agrees to maintain, where required, a full time, dedicated Internet connection and to allow the Consultant access to the Client's network via that Internet connection. Client agrees to allow the Consultant employees or subcontractors access to its facilities in order to perform services under this Agreement. Client agrees to allow the Consultant access to the covered equipment. Facility access may be denied for any reason at any time, however if access to facilities is denied, the Client understands the Consultant may be unable to perform their duties adequately and if such a situation should exist, the Consultant will be held harmless. In the case of the Client residing in a facility with access controlled by a third party, the Client is responsible for obtaining proper and adequate permissions for the Consultant to enter and operate on the premises designated as the Client's work area. Client agrees to allow the Consultant to load any necessary management software on their systems. Client agrees to furnish the Consultant with Administrator-level password access for all covered equipment and servers, where necessary. The Consultant agrees not to prevent Client from accessing any equipment owned by the Client or Consultant.

Limitations of Technology

The Client acknowledges that technologies are not universally compatible, and that there may be particular services or devices that the Consultant may be unable to monitor, manage, or patch. The Consultant agrees to inform the Client when such a situation arises. The Client agrees to correct the situation if applicable, and to hold the Consultant harmless in any case. Patches and antivirus definitions are distributed by their respective software vendors, and as such, the Consultant has no direct control over the effectiveness or lack thereof of the software being applied. The Consultant shall not be held responsible for interruptions in service due to patches released by software vendors.

Authority

Client signatory represents and warrants that it has full corporate power and authority to execute this Agreement to bind their company. Only individuals with title of Chief Executive, Chief Financial Officer, Owner, or any person designated by any of those individuals shall have power and authority to bind Client.

Miscellaneous

This instrument, with attached exhibits, contains the entire agreement of the parties and supersedes any previous agreement on the same subject matter between them. Re: NOC, LLC Monthly Services

The City's annual contract with NOC, LLC needs to be updated to include the recent changes the City needed to make to meet the basic industry standards set for liability coverage that we incorporated into the City's policy back in June with the property insurance renewal. We have now added AutoElevate, CyberCNS and ESET EDR which provides further layers of protection to help mitigate breaches in the City's network. The monthly increase for these changes is approximately \$3,000. In addition, we have switched our Microsoft email only license to Microsoft 365 which includes Teams and the full Suite of Office products which gives us a perpetual license. The monthly increase for this change is \$4,300. Other changes include a slight increase of \$500 to the base monthly service amount from \$12,000 to \$12,500. All other aspects of the contract remain the same. NOC understands the City's needs and will continue to meet the level of service and commitment we come to expect from NOC.

A representative from NOC, LLC will be here to answer any specific questions that you may have regarding the contract.

RE: Internet Antennae - Farmer's Market
Historic Washington Foundation, Inc.

Honorable Mayor and City Council,

The following is pertinent information to the subject request.

Description:

Find enclosed an ordinance that would allow the City to enter into an agreement to place an antenna on the Farmer's Market building. This antenna would provide a more stable internet connection to downtown.

The Parks Department and Police Department have both indicated that the security cameras located in the downtown area are not stable and are frequently not working. Internet connection is provided to them via an antenna on top of the H-Tower that is powered by solar panels. The solar panels do not provide a consistent power source, thus the internet goes offline, and the cameras stop working.

The solution is to place an antenna on the Farmer's Market building, provide a stable power source to bounce off of to another location downtown (Freight Depot). This would then allow the cameras to hook up.

In addition, the H-Tower would then be removed to eliminate a liability to the City and clean up the riverfront.

Cost of the project:

Place antenna -	\$4,000
Remove H-Tower -	\$6,000

As always, if you have any questions, concerns or would like additional information, please feel free to contact me.

Paragraph 2.39. If through no act or fault of Contractor, the Work is suspended for a period of more than ninety (90) Days by the City or under an order of court or other public authority, or the City fails for sixty (60) Days to pay Contractor any sum not in dispute, or if the City otherwise default hereunder, then Contractor may, (i) upon fifteen (15) Days written notice to the City, and provided the City does not remedy such suspension or failure to pay within that time, terminate this Agreement and recover payment from the City for the undisputed Work which Contractor completed prior to the effective date of termination, or (ii) upon seven (7) Days written notice to the City stop the Work until payment of all such amounts due Contractor are received, without termination of this Agreement as the Contractor's sole and exclusive remedies.

RE: Recommendation – Grounds Maintenance Services Bid

Honorable Mayor and City Council,

Our mowing contract with Klekamp Lawn & Landscape LLC for grounds maintenance services at various parks and fire houses expired last fall. As such, staff analyzed current grounds maintenance operations and staffing needs. Over the last several years we have experienced increases in maintenance and operational demands along with seeing a decrease in hiring of Seasonal Maintenance staff. A mowing contract does not eliminate our mowing needs however; it does help significantly during our busiest time of the year. See attached Parks & Recreation Mowing site list.

Accordingly, staff developed mowing bid specifications and went out to bid for 2023, 2024, 2025 with options for 2026 and 2027. Two bids were received and pricing for 2023 is listed below.

Klekamp Lawn & Landscape LLC - \$57,420

Hoffman Hillermann Nursery & Florist - \$74,100

As such, it is Staff's recommendation with the support of the Fire Department, that Council consider the approval of the bid submitted by Klekamp Lawn and Landscape LLC. in the amount of \$57,420.00.

As always, if you have any questions, concerns or would like additional information, please feel free to contact me prior to the City Council Meeting.

Respectfully,

Wayne Dunker

RE: Earth Crest Extension – Supplemental Agreement No. 1
Geotechnical Investigation

Dear Mayor and City Council Members:

Attached you will find an ordinance and supplemental agreement to include geotechnical services for the design of the Earth Crest Extension bridge which will connect Rabbit Trail to North Crest. The original scope of work did not have a geotechnical investigation included.

I originally did not want it included because we did not know if this would be a bridge or a large box culvert.

This will add an additional \$4,016.49 to the contracted amount of \$166,460.00 bringing the total to \$170,476.49.

Thank you for your consideration.

Respectfully submitted,

Re: Don Ave Connection – Development Agreement

Mayor & City Council,

On your agenda for approval is a development agreement to complete the construction of the Don Avenue outer road. As part of the Highland Meadows and Terrace in Washington Apartment developments, Don Avenue has been planned to connect from High Street to Pottery Road. The City's Comprehensive Plan also proposes a connection in this area.

Under existing conditions, the apartment development would connect Don Avenue to South Old Pottery Road, then diverting traffic to Pottery Road. To better clean up this intersection and have Don Avenue a direct connection between Pottery and High Street, a new intersection needs to be built where Don Ave, S. Old Pottery, and Pottery convene. It includes closing the access that S. Old Pottery Road has now to Pottery and building a new intersection. The design had been reviewed and recommended by our engineering department in 2019, but then the apartment complex was put on hold. Now that it is moving forward, staff thought it was best to have a development agreement outlining the responsibilities of each party for constructing the connection. They are outlined below and in the attached exhibit;

1. The City will construct the new intersection of Don Avenue and Pottery Road
2. The apartment builder will build Don Avenue from Pottery to KJ Unnerstall Drive
3. KJU will build Don Avenue from KJ Unnerstall Drive to its existing location off of High Street.

The existing transportation budget has a line item for the construction of this intersection for \$200,000, so no budget amendments are necessary. This will allow the development to begin and give the apartments permission to build up to 99 units. Don Avenue will need to be complete for any more units to be put in. The Development Agreement has this completion required by December 31, 2023.

Feel free to reach out with any questions.

Sincerely,

Sal Maniaci

Honorable Mayor and City Council

Re: Opioid Settlements

Dear Mayor and Council,

There have been five new proposed national opioid settlements reached with Teva, Allergan, CVS, Walgreens, and Walmart. In order to be considered for initial participation calculations and payment eligibility for these new national opioid settlements, the City must execute Participation Forms for each settlement with these entities. By agreeing to the terms of these new national opioid settlements and releasing all released claims against these entities, the City is entitled to the benefits provided in these new national opioid settlements, including all monetary payments.

The City has to approve the ordinance authorizing execution of the Participation Forms in order to be eligible to receive monetary payments from this settlement.

Sincerely,

Darren Lamb, AICP
City Administrator

RE: File No. 23-0301-Preliminary Plat-WW Industrial Park Plat 3

Dear Mayor and City Council Members:

At the regular meeting of the Planning & Zoning Commission, held on Monday, March 13, 2023 the Commission reviewed and recommends approval of the above request with a unanimous vote.

Sincerely,

Re: File # 23-0301

Synopsis: The applicant is requesting approval of a preliminary plat WW Industrial Park Plat 3

Adjacent Land Use /Zoning Matrix		
	Existing Land Use	Existing Zoning
North	Industrial	M-2
South	Apartments/ Highway	R-3
East	Gas Station	M-2
West	Industrial	M-2

Analysis:

The applicant is requesting approval for a preliminary and final plat to create a new lot, Lot 2 of the WW Industrial Park Plat. The new lot is 1.79 acres in size and zoned M-2 Heavy Industrial. They meet the street frontage requirements by having 50 ft. of ROW access on Bluff Road, however they do not plan on utilizing that as access. The proposed access is through an easement from WW Industrial Park Drive through Lot 1.

Staff recommends approval of the subdivision under the condition that the existing 20 ft. wide access easement be widened to 26 ft. to meet the current fire lane standards.

All other requirements set forth in City Code are met.

Honorable Mayor and City Council
City of Washington
Washington, MO 63090

Re: New Ordinances Related to Pedestrians in and around Right of Way.

Dear Mayor and City Council Members:

At the March 3, 2023 Traffic Committee Meeting, the committee discussed a couple of model ordinances that other local municipalities have adopted, which restrict pedestrians from being in and around the right of way. Ultimately, the committee agreed not to recommend any of the model ordinances for consideration by City Council. Below are some of the concerns expressed during the meeting related to these ordinances:

- Mark Piontek expressed concerns in reference to whether these ordinances would hold up to legal challenges in court. Since these ordinances are fairly new concepts, they have not been challenged and litigated. The concern is that they may expose the city to civil liability if they were to be challenged in court.
- Additionally, the Police Department shared additional concerns with Mark Piontek about how these ordinances could practically be enforced. In general, they tend to be a bit ambiguous from an enforcement standpoint, and options would be limited for the courts on the back end.
- These ordinances would also impact other activities that have traditionally been allowed, in addition to some activities that are arguably constitutionally protected such as street collections for charity and lawful protest on shoulders and sidewalks.

Respectfully submitted,

Sgt. Michael Grissom #299
