

## PUBLIC NOTICE

### **Region 7**

Iowa, Kansas,  
Missouri, Nebraska  
and Nine Tribal Nations

**City Council Workshop and Site Update**  
**Sporlan Valve Plant #1 Superfund Site**  
Washington, Franklin County, Missouri  
March 2024

The U.S. Environmental Protection Agency (EPA) Region 7 will attend the Washington City Council Workshop Meeting on April 1, 2024, to provide information and answer questions regarding the Sporlan Valve Plant #1 Superfund Site.

Over the next several weeks, EPA will be conducting groundwater investigations under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), commonly known as Superfund. EPA's work will include the installation and sampling of several groundwater monitoring wells to determine the extent of contaminants emanating from the former Sporlan Valve Site.

### **EPA PRESENTATION AT CITY COUNCIL WORKSHOP**

**Monday, April 1, at 5:30 p.m.**

**Washington City Hall, 405 Jefferson St., Washington, MO 63090**

EPA representatives will attend the workshop at 5:30 p.m. and provide a site update presentation. EPA will be available during and after the workshop to talk with the community to address questions and concerns regarding the site.

Site project information is available to the public at web repositories. To view cleanup documents, please visit EPA's Site Profile page at:

[www.epa.gov/superfund/sporlan-valve-plant-1](http://www.epa.gov/superfund/sporlan-valve-plant-1) (see Site Documents & Data).

If you do not have internet access, you can view these documents online at this location: **Washington Public Library**, 410 Lafayette St., Washington, MO 63090; 636-390-1070.

If you have questions about the site, please contact **Amelia Holcomb**, EPA Community Involvement Coordinator, at [holcomb.amelia@epa.gov](mailto:holcomb.amelia@epa.gov) or 913-551-7952.
